My dear Mr. Harrison -

Yours,
containing a remittance of
\$7. towards our work in Mass.
was received last night - also
your beautiful poem entitled
"Human Equality." I am un-
der many obligations to you
for both, as well as for your
good advice on Tuesday
evening. I shall always
remember my interview with
you with pleasure, and shall
keep your letter as a memento.
May I ask where the poem
entitled - "A man's a man
for a 'that'" can be obtained?
I would like to get a copy

of it, not only for my own
use, but for my boys and
girls to recite at anniver-
saries &c.

Although I have read and heard
of you, and of your self-sac-
rificing labors in behalf of
our race, for lo! these many
years, yet this is the first
time I have ^{or have taken you by the hand} seen your
original signature. The crowd
was so great when those colored men
took you on their shoulders in
the Citadel square in Charleston
in '65, that I could not get near
you. But I am thankful for the
privilege I obtained this week.
May God bless you and
lengthen your days is the
earnest prayer of

One of your subjects

As I expect to go to Salem today, & will not return here for a week or more, I have directed the enclosed card there.
